Description Of Work:

Overall, my grade would be an A-, as a few areas of the home weren't as finished as I'd like them, however, I think this is partly my own fault for not specifying it earlier on in the dialogue. Some of the carpentry work was also not perfect. This was about a B at best. However, they did our floors, windows and added a custom folding table which is all PERFECT! They did a number of other lighting adjustments, expanded our bathroom and redid walls and electrical.

Member Comments:

Ken with Mr. Contractor was great. My wife and I run a home business, and they redid an entire floor of our home to make it more office like and suitable for employees and meeting space. They did a fantastic job, were responsive, and I would absolutely recommend them again. Ken came out to meet with us twice to go over plans before we signed a contract. It was great to run through all of our ideas with him. He came up with lots of his own ideas, too, to improve on our vision. The process was to take no more than two weeks, but even between a ton of snow in January and February, the crew came out to our place, and they got the job done. It was about two days over their firm deadline, but I will acknowledge many issues with weather that they overcame to complete the job. Well done Mr. Contractor team! I plan on using them again in the future, and Ken was a pleasure to work through the entire process. Use Mr. Contractor!
