Description Of Work:

We have worked with Kenny from Mr. Contractor for several different projects, and are completely satisfied with each of them. About 1 1/2 yrs ago they completely re-did our old kitchen and a powder room. Eight months ago his guys replaced our roof. Now we've hired him to remodel another bathroom. The best thing about Kenny and Mr. Contractor is that he will spend AS MUCH TIME AS YOU NEED to brainstorm ideas, explain why certain things will/won't work, and come up with solutions for every possible issue. When we did our kitchen my husband & I didn't really know exactly what we wanted -- Kenny was great about giving us different possibilities and blueprints, all while making sure we were able to stay within our budget. He created a warm, inviting, open kitchen for us to enjoy.

When they redid our roof, it was the same -- he explained our options, and made sure the work was meticulously done. Whenever my husband noticed anything that he wasn't sure about, Kenny's guys went over it with no problems.

We've now hired him to remodel another bathroom. As always he showed up on time and took about an hour going over rudimentary ideas. He called me 2 days later with different ideas and estimates, and then returned to our house and spent 2 hours going over nitty-gritty details and more floorplan ideas -- all the while making sure we could stay within our budget.
