### Description Of Work:

We are a soup kitchen in north Philadelphia and had an emergency in one of our volunteer houses. A bedroom roof had caved in and we had a full house! The townhouse was old and the room had received a drop ceiling by the previous owner so we were unaware of the problem that lurked above. Mr. Contractor (Lonnie) was called that morning at about 8:00 AM and was there to assess and by 9:00! He had guys there the next day to complete the work.

### Member Comments:

The job went beautifully! Lonnie has his guys demo (very neatly and cleanly done) and then give us a new sheet rock ceiling. They then painted not only the ceiling but went ahead and did the walls as it was a small room. All this in one day! Lonnie knew we were desperate as a new group was coming in to volunteer and we needed the space and took care of everything!
